Actively Manage Risk

Empower your talent to drive productivity and reduce the cost of risk with the RMIS built to deliver insight and results

Staffing Safety and Risk Management

Being Proactive Pays

Active Risk Management is a strategy of empowering your talent to more proactively manage risk by leveraging technology that is centralized, connected, accessible and data-driven to deliver results such as:

21.7% average reduction in workers comp claims costs

50% average reduction in claim lag time reporting

Reduction of administrative burden by up to 12 hours per claim

Bring Key Components Together and Turn Risk Into Opportunity

Incidents · Safety · Claims · Analytics · Connectivity · Insights

It has made the claims reporting process so much easier for our staff. A claim is filed on the Aclaimant Site and then reported to the appropriate carrier. It has cut down on errors in our filing process.

Kerry S., Safety & Claims Manager, Luttrell Staffing Group

Drive Productivity and Insight

Streamline and connect your placed talent, branches, safety groups, risk operations team, and management with the Aclaimant platform. Mobile access provides talent at all locations the ability to quickly report incidents or fill out safety assessments from day one on the job. Adopt an incident-first workflow that proves instant access to data and insights.

Reduce Cost of Risk

Aclaimant empowers your talent to submit incidents when they occur, decreasing claim cost and duration. Aclaimant's data-driven platform enables you to see cost drivers at each location or client level. Using a digitized risk management process lowers costs and improves your insurability through reduced claim frequency and severity.

Empower Your Talent

Empower placed talent to increase focus on serving customers instead of reacting to accidents. Attract and better utilize superior risk and safety talent with a mobile-first, modern technology and automation - creating a highly connected and effective risk and safety team. Using a mobile-first modern technology with automation, managers can measure and enforce safety knowledge at every branch.

About Aclaimant

Aclaimant was founded on the belief that everyone has the right to be a better risk and protect what matters most. As the pioneer of Active Risk Management, Aclaimant enables staffing, construction, insurance brokers and carriers, TPA's and others to reduce the cost of risk and drive higher productivity while empowering every employee to be a risk manager. This transforms how companies proactively manage data, people, and processes through leading RMIS capabilities in workplace safety, incident and claims management, and analytics. Thousands of safety and risk management professionals rely on Aclaimant daily to achieve better outcomes.
